### Full service

Hosted PBX solution with all required functionalities.

IsMyConnect SIP plan is an all-inclusive service.

#### The plan includes:

- Full Featured Cloud Switch.
- Complete reports online in real time for incoming and outgoing calls.
- Extension number.
- Remote service configuration over your existing SIP endpoints. You can also purchase our SIP Endpoint, IsMyPeers.
- Remote Training, 3 hours included.
- Online Support.

IsMyConnect SIP plan allows you to interconnect to the Public Telephone Network. This can be accomplished using a DID for the particular country of interest and/or PBX Connect plan. When you use DIDs plan you also need to purchase the required AirTime Minutes. The service topology and these two interconnection options to the Public Telephone Network are shown below.

• Public Network Interconnection: Select the option of your preference: DID plan or PBX Connect plan.

• SIP Endpoint: Select the endpoint of your preference: SIP Hardphone, Sip Softphone or purchase IsMyPeers Softphone plan.

CallMyWay will gladly support your inquiries, and will answer your support request through our Customer Service Center.
